Dear Doctor

Ceylon: Snake Charmer with Cobra

PRINTED MATTER

Dear Doctor.
Ceylon, land of contrast. In its remote areas lived the Veddas, a primitive folk, probably direct descendants of an ancient civilization. But there is another Ceylon, of modern stores, fine hospitals. In them you'll find PENTOTHAL— agent of choice in intravenous anesthesia the world over.

WILKES, AUSTRALIAN ANTARCTIC.

Dear Doctor:
In the frigid expanse of Antarctica, men from many nations staff the geo-physical stations, gathering scientific data. Doctors here demand -and get- the utmost in dependability and safety in their medical supplies. One of these is PENTOTHAL, agent of choice the world over in intravenous anesthesia.
